“Brenda and Judy are a Home Run...Grand Slam to be specific! In each of their seminar presentations at our post, Brenda and Judy brought wisdom, encouragement, and practical information. They were authentic and relevant. To women, facing the demands of war, long separation, recession, and the huge task of being wives and moms they brought tangible hope. Women left our seminars ready to face these challenges and with renewed hope in their faith and the potential of their families. Strengthening the Cords seminar was a huge success!” ~Chaplain Steve Peck
